Apostolos Foivos Varelas

PROFILE

I am an undergraduate student of Digital Systems at University of Pireaus. I have a strong background in programming and a passion for technology. During my time at the University of Pireaus., I have already gained extensive experience in various programming languages, such as: C, Java, Python and more. I have also developed a strong foundation in artificial intelligence and cloud engineering.

SKILLS

- Deep Learning
- Machine Learning
- Reinforcement Learning
- Data Representation
- Communication Skills
- Team Collaboration
- Continuous Learning
- Back-end Developer
- Junior Front-end Develope

EDUCATION

BACHELOR IN COMPUTER SCIENCE

University of Piraeus, dep Digital Systems

2020- 2024

MSC IN AI

University of Piraeus, dep Digital Systems

2024- Present

ENGLISH CERTIFICATE

Michigan English Language Assessment: Lower Certificate (Level B2)

WORK EXPERIENCE

EAGLE PROJECTS

February 2024- Present

- Automation & Process Improvement: Designed and implemented automation solutions that streamlined key business processes and increased operational efficiency.
- Full Stack Development: Leveraged full stack expertise to develop, test, and maintain integrated web applications in junior level.
- Satellite Image Analysis Project: Worked on a major project analyzing satellite imagery using Copernicus data, delivering actionable geospatial insights to support data-driven decision making.
